From Idrijska Bela

**David Likar**

20 years old

From Horjul

# OUR EXPERIENCES

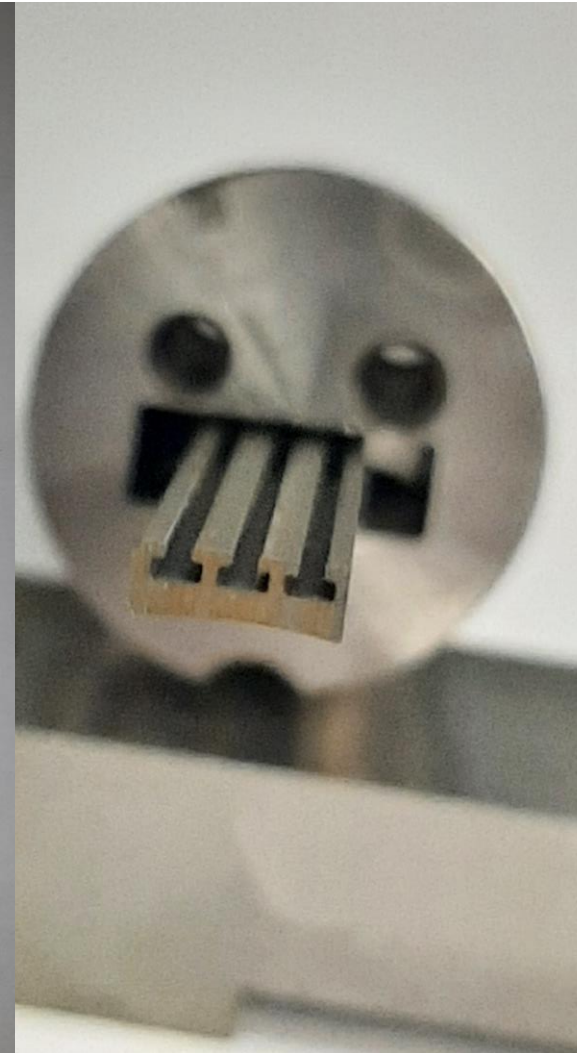

# almazek

Miha:

- Family company that makes and repairs tools for metal reshaping, plastic injection
- Great emphasis is placed on the repair and finishing of machine parts from the beginning of construction to practical use
- Machines Work in extreme tolerances

David:

- Manufacturer of metal semi-finished products and tools
- Manufacturer of hydraulic cylinders
- Manufacturer of advanced pipe solutions and innovative plastic products
- Manufacturer of high quality and demanding tools for injection molding of plastic products

- Our VET mobility at Motor Jikov Started 13th of January 2020 and it ended early because of the coronavirus on March 12th. We continued our mobility from 14th of September to 13th of October 2021.
- We were taking practical courses in the following departments:
  - Technology
  - Assembly
  - Classic machines
  - CNC machines
  - Modeling
  - Piece controlling

- The company focuses on the production of:

- components for golf carts,
- trucks,
- transportation equipment,
- consumer technology,
- the printing and textile industry,
- woodworking or machine tools,
- hydraulic and filtration systems,
- gas for cars.

- A special feature is the production of professional pneumatic-hydraulic riveting tools Avdel (Infastech).

## Motor Jikov Slévárna

- They are focused on the production of:
  - castings for the engineering,
  - automotive, construction,
  - machine tools and agricultural machinery.

## Motor Jikov Fostorn

- They focus on:
  - the development,
  - design and production of moulds,
  - tools,
  - fixtures,
  - single-purpose machines and automated production lines.
