Key takeaways from the High-Level Event (17-18 June 2024)

- 150 in-person participants and 66 online participants;
- Welcome speech by Commissioner Nicolas Schmit, as well as interventions from Chiara Riondino, Anna Barbieri and Diana Spiridon from DG EMPL;
- 4 panels which explored the following topics: addressing labour shortages, the Youth Guarantee, guidance in apprenticeships, and apprenticeships for adults;
- Anna Barbieri presented the four EAFA Communities, including the Social Inclusion and Gender Equality Community's work;
- Other interventions included: updates on the European Apprenticeship Network (EAN) and the Pact for Skills, as well as the presentation of the 2024 EAFA Champions.

"Apprenticeships are an excellent strategic solution to bridge the skills gap and ensure a sustainable workforce for the future. Vocational education and training in general can not only boost competitiveness and innovation, but statistics show that VET graduates find a job easily after their education." Commissioner Schmit
